Learning for a Sustainable Future & 3M Canada Company

invite elementary schools to participate in...

EcoLeague™

Using Inquiry Learning to Build Community

- challenge and motivate students to engage in inspiring and rewarding community and school-based sustainability action projects through inquiry learning
- learn to meet curriculum expectations through highly engaging and sustainability-focused learning strategies that transform learning and develop citizenship, including those from Connecting the Dots
- develop strategies to link education to your local neighbourhood by engaging community partners.

Youth Forum

October 25, 2017
3M Milton Sales Centre
2751 Peddie Road
Milton, ON

- Action Teams [one teacher; one parent/ administrator/custodian; and four – five students from grades 5-8] from each elementary school
- Students attend workshops about action projects they can undertake in their school and community
- Teachers learn how to use inquiry to engage their students in action projects linked to the curriculum
- Refreshments and lunch will be served
- **Release Time**
  Funding to cover the release time for 1 teacher per school on a first come, first served basis for up to 12 schools

Register by October 4 @ www.r4r.ca/ecoleague
