

YCAP: Climate Storytelling Worksheet

ASSOCIATIONS

1. Climate change looks like...

What first comes to mind when I think of climate change? How does it threaten the things, people, and values I care about?

2. Communities on the frontlines include...

Who is impacted first & most by climate change? How have I seen resistance to climate injustice?

EMOTIONS

3. Thinking about climate injustice makes me feel...

How do these feelings affect my present wellbeing? My thoughts about the future?

4. Knowing we can take action makes me feel...

What moments of resistance have I witnessed or experienced? How do these moments make me feel?

ACTIONS

5. I will share my story with my community by...

Who is my audience? What common identities, experiences, or values can help me connect with them?

6. My call to action is...

What have I learned about climate justice that I'd like others to know as well? What do I want others to do after hearing my story?
