

Community Game Board

INSTRUCTIONS:

1. Work with the students to write or draw answers in the blocks.
- OR
2. In groups, have the students take pictures of what they see/hear or feel.

How many kinds of transportation do you see?	Can you find a building that is symmetrical?	Draw a brick pattern here.	Do you hear relaxing sounds?
Look up. What do you see?	What is your favourite building? Why?	What building material do you see?	Touch a building. How does it feel?

<p>Have you heard any annoying noises?</p>	<p>Use your hands to make binoculars. Draw your view.</p>	<p>Look down. Do you see a pattern or a texture?</p>	<p>Are there trees that are different heights?</p> <p>If you were a bird, what would you notice?</p>
<p>If you were a worm, what would you notice?</p>	<p>How many hues of green do you see?</p>	<p>What would you add to this area to bring people together?</p>	<p>Did you notice any garbage on the ground?</p>
