

To Whom It May Concern:

Learning for a Sustainable Future (LSF) and Water Docs are partnering to deliver the Water Docs at School Program. As part of this initiative, students will be creating a documentary on a local water issue. This documentary may: be screened at the Water Docs at School Recognition Day in the Spring of 2024; be screened at the Water Docs Film Festival; be screened as part of teacher professional development workshops; and used on the LSF or Water Docs websites or in print for marketing and promotion of the program.

I, \_\_\_\_\_, principal of \_\_\_\_\_ (school)

hereby acknowledge that I have signed photograph/video release forms from parents/guardians of the following students (see page 2) that would allow them to appear in the film(s) produced as part of the Water Docs at School 2023/2024 Program.

I grant the rights to LSF and Water Docs to screen, publish, reproduce, adapt, broadcast or use electronically, at no cost, any videos or photos submitted as part of this program.
